

## ONE-WEEK WORKSHOP

on

### CAPACITY BUILDING ON SCIENTIFIC IDEAS, INNOVATION & SCIENTIFIC TEMPERAMENT (CBSIT-2022)

23<sup>rd</sup> -27<sup>th</sup> May,2022

Organized by

**DEPARTMENT OF CHEMISTRY, P.D.U.A. Mahavidyalaya, Dalgaoon, Darrang**

In collaboration with

**ARYABHATTA SCIENCE CENTRE (Dalgaoon Sialmari & Bechimari Dev. Block)**

for

**SCHOOL SCIENCE TEACHERS & STUDENTS**

### Aim of the Workshop

The essence of learning lies in questioning and finding answers. While science offers an explanation and equips us with the knowledge on why or how something happen, scientific temper guides us to use this knowledge constructively for the betterment of society. Schools are the basic learning foundation for students and role of teachers are very important in encouraging students to think scientifically. Due to lack of infrastructure, well equipped labs for science practical's and well-trained science communicators in schools, effective skill based scientific learning is being compromised. The workshop aims to engage students and teachers of schools to develop scientific skill and temperament. The five day long workshop will cover various technical sessions both for teachers and students to encourage activity based teaching-learning methods.
