List of Books in Acharya P C Ray Library

| <b>Name of the Book</b>  | <b>Publisher/Writer</b>                   | <b>No. of Copies</b> |
|--|---|----------------------|
| Problems and Solutions in Organic Chemistry                              | Subrata Sen Gupta                         | 1                    |
| Reaction Mechanisms in Organic Chemistry                                 | Subrata Sen Gupta                         | 2                    |
| Organic Chemistry for IIT-JEE 2012-13 (Part-1)                           | Dr. K.S.Verma                             | 1                    |
| Organic Chemistry for IIT-JEE 2012-13 (Part-2)                           | Dr. K.S.Verma                             | 1                    |
| Advanced General Organic Chemistry: A Modern Approach (Part 1)           | Sachin Kumar Ghosh                        | 2                    |
| Organic Chemistry IV   | Y R Sharma                                | 1                    |
| Essentials of Green Chemistry  | Kandarpa Phukan, Rituparna Borah          | 1                    |
| Basics of Stereochemistry of Organic Molecules                           | Subrata Sen Gupta                         | 1                    |
| Organic Chemistry III  | Y R Sharma                                | 2                    |
| Basics of Nanochemistry  | Dr. Diganta Baruah, Rananmay<br>Bharadwaj | 1                    |
| Advanced General Organic Chemistry: A Modern Approach (Part II)          | Sachin Kumar Ghosh                        | 1                    |
| Organic Chemistry (Stereochemistry and Chemistry of Natural<br>Products) | I.L.Finar                                 | 1                    |
| Reaction Mechanisms in Organic Chemistry                                 | SM Mukherji, SP Singh                     | 1                    |
| Advanced Organic Chemistry   | Jerry March                               | 1                    |
| Advanced Organic Chemistry   | Arun Bahl, BS Bahl                        | 1                    |

| <b>Name of the Book</b>                   | <b>Publisher/Writer</b>         | <b>No. of Copies</b> |
|---|---------------------------------|----------------------|
| Atkins Physical Chemistry (10th Edition)  | Peter Atkins & J Paula          | 3                    |
| Physical Chemistry Vol I                  | Dr S Pahari                     | 1                    |
| Physical Chemistry Vol II                 | Dr S Pahari                     | 2                    |
| Physical Chemistry V (Theory & Practical) | Y R Sharma & K D Sharma         | 1                    |
| Problems on Physical Chemistry            | Pahari & Pahari                 | 1                    |
| Numerical Problems in Chemistry           | B S Bahl, G D Sharma, Arun Bhal | 1                    |
| Physical Chemistry III                    | Y R Sharma                      | 1                    |
| Physical Chemistry IV                     | Y R Sharma                      | 1                    |
| Advanced Physical Chemistry               | D N Bajpai                      | 1                    |
| Atkins Physical Chemistry (8th Edition)   | Peter Atkins & J D Paula        | 1                    |
| Physical Chemistry (Vol 2)                | K L Kapoor                      | 1                    |
| Physical Chemistry (Vol 5)                | K L Kapoor                      | 1                    |
| Physical Chemistry (Vol 1)                | K L Kapoor                      | 1                    |
| Physical Chemistry (Vol 3)                | K L Kapoor                      | 1                    |
| Physical Chemistry                        | Madan & Tuli                    | 1                    |
| Quantum Chemistry                         | R K Prasad                      | 1                    |
|   | VR Gowariker, NV Viswanathan, J |                      |
| Polymer Science                           | Sreedhar                        | 1                    |
| Quantum Chemistry                         | I N Levine                      | 1                    |

| <b>Name of the Book</b>   | <b>Publisher/Writer</b>                   | <b>No. of Copies</b> |
|---|---|----------------------|
| College Chemistry II (Theory/Practical)                                   | YR Sharma, KD Sharma                      | 3                    |
| College Chemistry Physical Chemistry II (Theory/Practical)                | YR Sharma                                 | 2                    |
| College Chemistry IV (Theory/Practical)                                   | YR Sharma                                 | 2                    |
| College Chemistry (Theory/Practical)                                      | YR Sharma, KD Sharma                      | 1                    |
| College Chemistry III (Theory/Practical)                                  | YR Sharma                                 | 1                    |
| College Chemistry Physical Chemistry I (Theory/Practical)                 | YR Sharma                                 | 1                    |
| College Chemistry Organic Chemistry I (Theory/Practical)                  | YR Sharma                                 | 1                    |
| New Approach to College Chemistry (Theory/Practical) Regular Course Sem I | Dr Kamalesh Choudhury, Dr SK Choudhury    | 1                    |
| New Approach to College Chemistry General Course Semester II              | Dr Kamalesh Choudhury, Dr SK Choudhury    | 1                    |
| New Approach to College Chemistry General Course Semester I               | Dr Kamalesh Choudhury, Dr SK Choudhury    | 1                    |
| New Approach to College Chemistry General Course Semester III             | Dr Kamalesh Choudhury, Dr SK Choudhury    | 1                    |
| ABD's Chemistry for Degree Students                                       | Dr P Goswami, Dr LJ Borthakur, Dr P Gogoi | 1                    |
| Industrial Chemicals & Environment (Semester IV DSE Paper)                | BC Das                                    | 1                    |
| Basic Analytical Chemistry DSE Paper                                      | KD Sharma                                 | 1                    |
| Intellectual Property Rights SEC Paper                                    | Dr Anjumani Talukdar                      | 1                    |
| New Approach to College Chemistry Sem II (Regular Course) CBCS            | Dr Kamalesh Choudhury, Dr SK Choudhury    | 1                    |

| <b>Name of the Book</b>          | <b>Publisher/Writer</b> | <b>No. of Copies</b> |
|----------------------------------|-------------------------|----------------------|
| Physics I                        | NCERT/Class 12          | 1                    |
| Physics II                       | Class 12                | 1                    |
| Chemistry I                      | Class 12                | 1                    |
| Chemistry II                     | Class 12                | 2                    |
| Mathematics II                   | Class 12                | 1                    |
| Chemistry I                      | Class 11                | 2                    |
| Chemistry II                     | Class 11                | 1                    |
| MTG NEET Explorer                |                         | 1                    |
| Fundamentals of Physics          | Halliday/Resnick/Walker | 1                    |
| Modern ABC Chemistry II          | Class 11                | 1                    |
| Modern Approach to Chemistry -II | Class 12                | 1                    |
| Chemistry II (Assamese Medium)   | Class 11                | 2                    |
| Chemistry I (Assamese Medium)    | Class 12                | 1                    |
| Chemistry II (Assamese Medium)   | Class 12                | 1                    |
| Pradeep's A textbook of Biology  | Class 11                | 1                    |
| Golden Science (CCE)             | Class 10                | 1                    |

| <b>Name of the Book</b>                      | <b>Publisher/Writer</b>                 | <b>No. of Copies</b> |
|--|---|----------------------|
| A textbook of Practical Chemistry            | Sudarshan Barua                         | 3                    |
| An Advanced Course in Practical Chemistry    | Nad, Ghoshal, Mahapatra                 | 1                    |
| Elementary Practical Chemistry (AHSEC-XI)    | Dr Sudarshan Barua                      | 1                    |
| Practical Chemistry HS I Year                | Dipu K Das, Jayanta K Baishya           | 1                    |
| Comprehensive Practical Chemistry (Class XI) | Dr NK Verma, BK Vermani, Dr Neera Verma | 1                    |
| Uccha Madhyamik Byabaharik Rashayan          | Dr K Choudhury, Dr SK Choudhury         | 1                    |
| Senior Secondary Practical Chemistry         | Dr K Choudhury, Dr SK Choudhury         | 1                    |
| Elementary Practical Chemistry Part II       | Sudarshan Barua                         | 1                    |
| Advanced Practical Organic Chemistry         | OP Agarwal                              | 1                    |
| Advanced Practical Physical Chemistry        | J B Yadav                               | 2                    |
| Textbook of Quantitative Chemical Analysis   | Vogel's                                 | 1                    |

| <b>Name of the Book</b>  | <b>Publisher/Writer</b>       | <b>No. of Copies</b> |
|--|-------------------------------|----------------------|
| Spectroscopy   | B K Sharma                    | 1                    |
| Current & Future Perspectives of Environment Pollution & its Application | Thanuj Publication            | 1                    |
| Environment: Climate Change & Natural Challenges                         | Purbayan Publication          | 1                    |
| Modern Approach to Chemistry (Part II)                                   | YR Sharma, BN Bhuyan, S Barua | 1                    |
| Fundamentals of Molecular Spectroscopy (4th Ed)                          | Banwell & McCash              | 1                    |
| Spectroscopy of Organic Compounds (6th Ed)                               | P S Kalsi                     | 1                    |
| IR and Raman Spectra of inorganic & Cordination Compounds                | Kazuo Nakamoto                | 1                    |
| Stereochemistry of Organic Compounds (2nd Ed)                            | D Nasipuri                    | 1                    |
| Introduction to Environmental Analysis                                   | Roger N Reeve                 | 1                    |
| Environmental Chemistry  |                               | 1                    |
| Frontier Orbitals & Organic Chemical Reactions                           | I Fleming                     | 1                    |
| Electrochemistry   |                               |                      |
| Stereoelectronic Effects   | A J Kirby                     |                      |
| Principles of Stereochemistry  |                               |                      |
| Reaction Kinetics  |                               |                      |
| Materials for EE (VPM Classes)   |                               | 5                    |
