

ONLINE ATTENDANCE SYSTEM

PDUAM Dalgaon has its own **online attendance system** which has been developed & maintained by Dr. Md. Zaved Iqbal Ahmed, Assistant Professor, Department of Computer Science, PDUAM, Dalgaon. The system is very effective in seamlessly recording attendance of students in the classroom. The attendance recorded by the teachers can be viewed by the students and keep track of their attendance record. Through this system not only authority of the institution but also parents/guardians can monitor the presence of the student in the college. The teachers can easily generate attendance reports from the system. Some screenshots of the online attendance system are provided below:

Photographic evidence of the system:

The screenshot displays the 'Assistant Professor Panel' interface. It features a sidebar with navigation options: Dashboard, Components, and Utilities. The main content area shows a table of attendance records with columns for Date, Time, Course Name, Present, and Details. The table is filtered to show 100 entries. Below the table, there is a search bar and a copyright notice for PDUAM Dalgaon 2021.

Date	Time	Course Name	Present	Details
01-Aug-23	10:55 AM	Computer Networks	4	Click!
01-Aug-23	10:16 AM	Computer Fundamentals and Programming	13	Click!
28-Apr-23	01:35 PM	Introduction to DBMS	10	Click!
