

STUDENT FEEDBACK REPORT

2022-2023

**Name of College: PANDIT DEENDAYAL UPADHYAYA ADARSHA
MAHAVIDYALAYA DALGAON**

A survey was conducted by College Feedback Committee to collect the feedbacks of students on various aspects such as syllabus, teaching-learning process, infrastructure, etc. based on their experience at Pandit Deendayal Upadhyaya Adarsha Mahavidyalaya Dalgaon. The survey was conducted from 29-04-2023 to 31-05-2023 through feedback using Google form. An online questionnaire was provided to the students which had a total of 12 questions and final question asking about their overall feedback. A total of 181 UG students from B. Sc. Programme participated in the feedback.

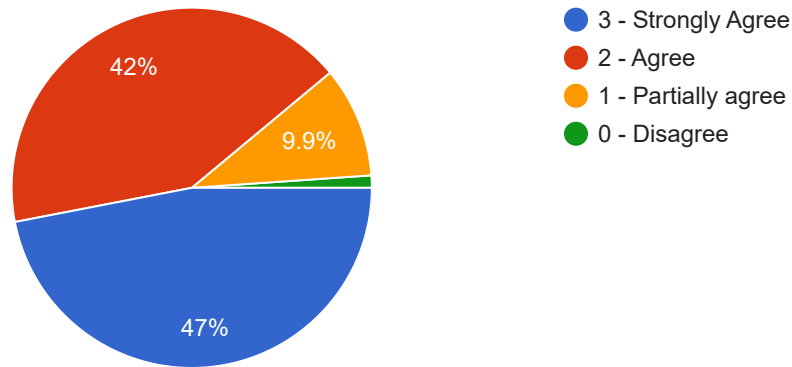

The finding of the survey is presented below:

181 responses

11. Teachers provide learning resources/ teaching materials/ class notes.

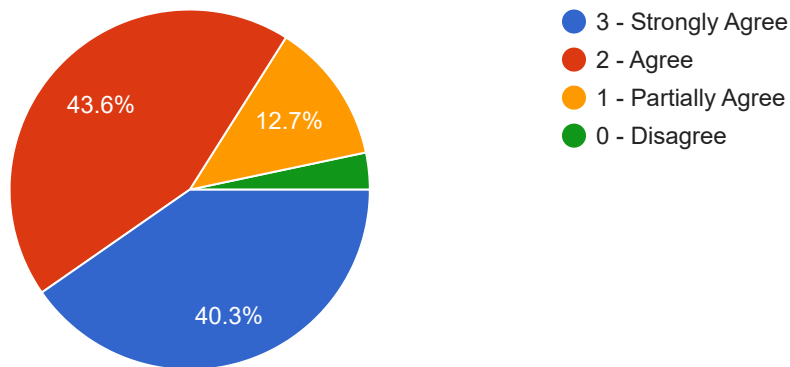

181 responses

12. Teachers uses ICT tools for enhanced teaching learning.

181 responses

13. Overall Feedback

The majority of the students showed overall satisfaction with the college as well as the teachers and the teaching learning process. However, few remarks have been taken into consideration for improvement:

“Good but the exam gap of Guwahati University duration between semesters makes efficient and proper learning very difficult which if improved can be very good”

“Teachers are good enough ...they are more like friends than teacher ...very supportive in all aspect ..But the main issue is about the lab equipments ..these are not available in the campus and the chemicals too are outdated ...we are looking forward to overcome this issue ... Thank you”

“The college has a very good environment to study. Teachers take their classes regularly. But required to improve lab infrastructure and equipments. And smart class facility should be there.”

“All the teachers of our department(Zoology) are very supportive. They guide us by providing study notes in the form of both hard copy and soft copy .Besides our study related issues they also help us in other situations. In one word, the teachers of our department are very helpful. But The number of Zoology books in our college library is very less because I was facing this problem on 3rd Semester.. I issued a book from Library ..And as that was the only book on that paper in library, one student asked me for the book and despite of my unwillingness, I gave him that book as because there were no more books in the library on that honours paper. So I request to the college authority for looking into this matter by providing us sufficient number of books written by different writers so that students can read well... Thank you”

“Being In this Institute for the last 3 years I've come to see that all the staff members are all good in Nature, Kind and Friendly and the classes is also well managed by the professor's. All the laboratory also has each and every equipment which is required but there should be an extra computer lab for Mathematics Department which will be very helpful for the Students. Many Other Co-Circular activities is likely to be always done in this Institute which is a very grateful. I've learned a lot of knowledge and skills from this Institute which will be a very helpful for me in my future. The library in this Institute doesn't have much sufficient books which is required for us. Our Mathematics Department Teacher's has never dissappointed us in every situation either it is teaching or encouraging in our future life's. I am very thankful to the four professor of our Mathematics Department for always being so understanding and cooperative with us. Thank You”

Concluding Remarks:

The feedbacks received from the students provide a clear view of their satisfaction with the academic environment of the college. However, 7.2 % students disagree that the college classrooms are clean and hygienic. Also, 6% students report that the laboratory infrastructure is inadequate to carry out all the laboratory experiment. Further, 4.4% students disagree that teachers provide mentoring/guidance on academic and any other matters. And, 3.3% students are express dissatisfied with the uses ICT tools by teachers. Lastly, students raise their concern about less number of books in the library.
